Subject: Requesting Class II permissive change for FCC ID: YJH-SKR-02

To Whom It May Concern:

To Whom It May Concern:

The purpose of this letter is to request class II permissive change on previously certified model Maytel Co., Ltd. (FCC ID: YJH-SKR-02)

We, Maytel Co., Ltd., declare that the variant model and original model are identically same in construction and RF characteristics, the difference is battery socket and external appearance. As referring to below, battery socket was changed for better the supply of component and product quality.

- The PCB of EUT is exactly same as for the original version.
- A battery is added for expanding usage time as parallel, not serial.
- The applicant changes the battery socket to connect 2 batteries physically.
- The external appearance of EUT was changed.

Best Regards
